Dear Editor

International Journal of Science and Society (IJSOC)

I read and use scientific articles published in IJSOC.

The performance of the IJSOC was excellent, and the published article helped me conduct research and write scientific reports.

I am Riyanto Wujarso, Lecturer from Sekolah Tinggi Ilmu Ekonomi Jayakarta, Jakarta, Indonesia

I have completed a scientific article entitled "**The Influence of Human Capital on Economic Growth.**"

I hope this article can be published in the IJSOC because exciting findings in the scientific report can become new treasures in science, especially in economic sciences.

I am willing to go through the review process following IJSOC standards.

Best Regards,

Riyanto Wujarso

Editor and Reviewer comments:

Reviewer #1:

1. The abstract has not discussed the research objectives and results, so readers do not understand this journal.
2. The English in parts approaches is incomprehensible, so as a first step, a firm editorial hand would be needed to figure out what needs to be rethought.
3. The literature review has not explained the theories that are related and relevant to the research object and are well related to the study results.
4. The focus of this research can be developed for further study, both in Indonesia and abroad, because the research topic is very relevant to the novelty of other research.
5. References are good enough, but we still need to find the latest references so that this research becomes more up-to-date.

I hope you can make improvements as soon as possible and send the revised article again via this email.
